## High School Principal Saves 2 Lives On Kashagawigamog Lake

John Rouble, the principal of Haliburton Highlands Secondary School is being acclaimed as a hero following a daring rescue of two snowmobilers from the icy waters of Lake Kashagawigamog shortly before midnight, Thursday, February 8th.

John Rouble, 41, with an extension cord tied around his waist, crawled out on crumbling ice and pulled Francis Leslie Donaldson, 41, of RR 2, Haliburton, from the water after he had lapsed into unconsciousness.

Earlier, Rouble and his son, Chris, 14, had pulled Shirley McKinnon, 34, of RR 2, Haliburton, to safety, using the same cord.

She was treated for exposure at Haliburton Red Cross Hospital and released. Donaldson is still in hospital but police say he is recovering.

The serious of events which led to the two rescues began about 11.40 p.m. Thursday, when outside temperatures had dropped well below zero. The overnight low was 24 below.

Rouble, whose home is on the lake, said he was listening to the late news on television when his wife told him she heard someone calling for help.

"I ran outside but I couldn't see anyone," he said. "I tried my best."

He and his wife roused Chris from his bed and it was he who found the spot where two people were clinging to the edge of the breaking ice. He picked them out in the rays of a hand spotlight.

Then Rouble used a ski to probe the ice and walked out to a point where the ski could be punched through the ice.

The would-be rescuers were still too far away to be of any assistance.

He ran back to his house, searching frantically for a rope to throw to the pair and his eyes happened to light on the 100-foot extension cord he uses for plugging in his car heater overnight.

Back out on the lake, at a spot about 200 yards from shore in a swampy area between Grass and Drag Lakes, all part of Kashagawigamog, Lake he

tossed the cord to the pair.

The man grabbed it, he said, and tied it around the woman.

"I tried to convince him to tie it around himself too, but he wouldn't," Rouble was to recall later.

Chris and his father pulled

### HIGH SCHOOL SPEAKERS TO COMPETE IN FINALS

On Thursday, February 8, in the H.H.S.S. auditorium five students competed for the finals of the County Communications Festival, sponsored by the Ontario Trustees Association and the Ontario Hydro. The winners Louise Hubbert and George Thayer, go to Pickering February 23, to compete in the Zone 8 finals for prepared speech and impromptu respectively.

The topics were treated with originality. Disappearances, by Louise; Guns by George; A Common Language by Penny Harten who placed third; Drug Addiction by Guy Bolander; and School Spirit by Wendy Kinsman. Dr. Harry Bishop on behalf of the Veterans' Association presented a first prize of \$15.00 to Louise, and a second of \$10.00 to George.

A new feature to the contest, which also demanded that speakers answer questions after their talks, was an initial 2 minutes of sight reading from any book brought by the contestant.

The judges remarked upon the quality of selections chosen: they ranged from Gilbran's The Prophet to books on music, drama, and the Proverbs from the Bible.

Judges for the event were Mrs. Anna English, Mr. John Peel, Mr. Bill Valentine; questioners were Miss Sakata and Mrs. Terpstra. Timekeeper was Don Hunter. The chairman, Mrs. Armstrong, praised the contribution of Mr. Bill Glidden and his students whose musical interlude of excerpts from Merrie England, the Glee Clubs major presentation later this year, pleased the audience. Singers Laurie Kinsman, Margaret Ford Penny Harten, Harold Morgan, Don Hunter and Dick Stouffer.

the woman to safety but by this time Donaldson was obviously about to drown.

He was losing consciousness, Rouble said, and it was now impossible for him to assist in his own rescue.

Rouble then tied the cord around his own waist and made his way to the hole in the ice where Donaldson was.

He reached Donaldson without breaking through the ice himself and by this time neighbors had joined the rescue.

Chris, now aided by McKay Brydon and Tom and Jim Inglis, pulled Rouble and Donaldson to safety.

Rouble immediately started mouth-to-mouth resuscitation on Donaldson and kept it up until police arrived. Constables Roy Telford and Thomas Boyce continued the resuscitation until an ambulance arrived to take Donaldson to hospital.

For Rouble, it was, he said later, "an awe-inspiring thing to save a man who was obviously so close to death although it was not the first time he had shown such bravery."

### Second Rescue

When he was 16, a Boy Scout, he earned a silver medal for his rescue of a drowning child from the Welland River.

Police said the rescued pair had been riding on a snowmobile which crashed through the ice.

It was the second time this winter that snowmobilers have crashed through the ice in Haliburton and survived. Last month, four persons managed to crawl to safety after their machines hit open water on Twelve Mile Lake.

### MINDEN CUB NEWS

On Friday, February 9th, The 1st. Minden Cub Pack Invested Bill Jones from Ken Mar Lodge also presented a number of badges.

Houseorderly badges to Joe Dollo, Andrew and Gregg Feltham, Craig Conneybeare, Stanley Brown, Sean Harrison.

Handyman Badge to Doug and David Pratt.

Carpenters Badge to Doug and David Pratt.

### NEW ALLONT ASSOCIATE STORE TO OPEN HERE THIS SPRING

Siegmund Weiss, President of BuildWell Lumber and Supplies Ltd. announced this week, the spring opening of an Allont Associate Lumber and Building

In addition to usually provided services to consumers and contractors the company will provide design and drafting service and carry a complete line of plans for homes and cottages. This will be provided as a service only. Under the present policy the company has no intention to engage in any type of construction or contracting.

Mr. Weiss is well known in the area for his work as By-law Enforcement Officer, Building and Water Inspector, and his work in Rotary. This paper extends the best success possible to him and his company in this new venture.

Siegmund Weiss

Supply Centre on the grounds of the formerly Lutterworth Public School.

According to his statement, this store will retail a complete line of lumber, builders hardware and home decorating just didn't like to see you standing up all by yourself!"

### THURSDAY SMILE

Teacher to class of small children: "Will all those who think they are stupid stand up."

For a moment no one got up and then one little fellow stood up.

"Johnny," said the teacher, "do you think you are stupid?" "No, Ma'am," said Johnny. "I ware and home decorating just didn't like to see you standing up all by yourself!"

### MOUNTAIN LAKE HOME OR COTTAGE

Modern year round dwelling with 2 bedrooms, kitchen - dining room, large living room with fireplace, 4 pc. bath, full walk-out basement, finished rec-room, space for 3rd bedroom. 100 ft. lake front lot, Southern exposure. \$29,500. Terms.

### MINDEN

One mile from centre. Two bedroom home, family size kitchen, living room, 4-pc. bath, F.A.O. furnace. Drilled well, balcony with nice view at rear. Priced right at \$10,500.

### INGOLDSBY

One 65 acre parcel with large barn and shed 1/2 mile road frontage. \$12,500.

98 partly wooded acres. \$10,000.

## THE MAIDENS' VIEWPOINT !

by  
Norm Maidens

Things are a little disjointed for me this week. I had to place my good wife Mary in the Minden Red Cross Hospital for a few days. Fenwick has moved in with

me and, unfortunately neither of us are much at cooking. However, we'll probably survive.

-----

Minden is about to get some free, good publicity through the "Clergy House," this has happened quite frequently in the past in National Magazines and periodicals etc. Despite all this tourist value, as far as local people are concerned, the "Clergy House" is just another old log house. It is to be hoped something will be done with it soon as it's the only authentic tourist attraction the village has. Be that as it may I received a call from the Reader's Digest in Montreal requesting information on the "Clergy House" for a book they are publishing. The information was given to Miss Janet Holmes of the Association and I'll let you know when the material is available.

-----

I get my little squibs and jokes from all sources. This week I have a cute little one for you. I've always been a little rough on the good Dr. Koval with my doctor stories and now he feels that my influence has infiltrated his home. Here's the story.

Dr. Bobs young 5 year-old-daughter Carolyn would not go to sleep until her dad would listen to a story she had to tell him. Carolyn asked, "Do you know what one tonsil said to the other?" The good doctor replied he didn't know.

"We'd better get dressed said one tonsil to the other," his daughter replied, "the Doctor may want to take us out!"

-----

I told you last week I'd tell you about Fenwick piling on me but I don't have the space this week. It was my week to get jumped on for, on a visit to the Hydro office the girls gave me a hard time because I didn't mention how good the snack bar at Mitchell and Hobden's service station was.

I soon remedied that — I went in over the weekend and, the food is excellent, the coffee exceptional and, as they say in the Loblaw's TV ad — "By gosh, the price is right."

My visit reminded me of the book "Gone with the Wind" as the operator of the food bar has the same name as the Author — Margaret Mitchell, the pumps are manned by Milt Hobden. Another expression came to mind, one of the old Humphrey Bogart pictures — remember the expression, "Let me take you to the Casbah?" we can modernize this to "meet me at the Gasbar."

One thing though — if you want dinner, get there early, because they are crowded to the doors and you'll have to scramble for a seat.

-----

That's it for another week — drive carefully and you'll be around to enjoy life for a while longer. There are several every week end that don't heed this warning and they are gathered in. Permanently, that is. So, I'll see you at the "Gasbar" on the By-Pass, across from the Hydro office.

## TOWNSHIP OF STANHOPE COUNCIL MINUTES

All members were present on February 7th in the Council Chambers of Stanhope.

It was moved by Ken Whitney seconded by Elvin Johnson that Council request an additional payment under the Provincial - Municipal Employment Incentive Program. Carried.

Moved by Jim Elder, seconded by Ken Whitney that the Clerk be directed and authorized to issue the required membership fee to the Association of Municipalities of Ontario. Carried.

Moved by Jim Elder, seconded by Elvin Johnson the Treasurer be authorized to issue a \$25.00 membership fee to Haliburton County Mutual Fire Aid Association. Carried.

Moved by Jim Elder, seconded by Jim Harrison, that Council petition the Department of Transportation and Communications for subsidy under the provisions of the Public Transportation and Highway Improvement Act on expenditures made during the year 1972. Carried.

Moved by Jim Elder, seconded by Elvin Johnson, the Clerk order 5 extra copies of the community services booklet published by the Social Planning Council and also forward a cheque to cover these booklets. Carried.

Moved by Elvin Johnson, seconded by Jim Harrison that the cemetery boards within the Townships be notified, a grant in the amount of \$50.00 each will be forwarded in the current year to aid in the maintenance program of the cemetery. Carried.

Moved by Jim Elder, seconded by Jim Harrison, that General Accounts totalling \$882.38; January Welfare account totalling \$391.05 and Road Vouchers No. 1 amounting to \$6,962.43 be allowed for payment.

By-law 73-9 for the purpose of authorizing an expenditure on the 1973 Road program for services, passed the required bookkeeping and accounting three readings, carried without amendment, signed and sealed by the seal of the Corporation and engrossed in the By-law Book.

By-law 73-10 to establish and regulate a fire department, passed the required three readings, carried without amendment, signed and sealed by the seal of the Corporation and engrossed in the By-law Book.

By-law 73-11 to provide for the participation of the Township of Stanhope Fire Department in County Mutual Fire Aid, passed the required three readings, carried without amendment, signed and sealed by the seal of the Corporation

## THE NATION'S BUSINESS

by William Scott M.P.

There has been so much talk lately about the Summer Olympic Games, scheduled to be held in Montreal in 1976, that I believe it is time for some straight talk about just what is involved in the planning and financing of the Games. The answers must come from the Federal Government and from the Governments of Montreal and Quebec.

Up to now no one seems to be in agreement on any of the important points involved, especially with regard to who will pick up the bill if a deficit is incurred in the operation of the Games. In my view this point has to be cleared up soon, mainly because of the fact that there is no guarantee that the present Government will be in power when the Games are held.

Many people in Canada are against holding the games in Canada at all, because of the unhappy experiences of Mexico and Germany when they hosted the Games. In fact, there is at

this moment an organized movement in Canada, dedicated to discouraging the holding of the Games in our Country. They believe sincerely in what they are doing, but I'm afraid that their efforts will be in vain.

To begin with, whether or not we are in favour of holding the Games in Canada is not the issue at this point in time. Montreal has committed itself to be the host city, and that means that there is a larger issue at stake. By committing Montreal as host city, Mayor Drapeau at the same time committed Canada as the host Country, and whether we like it or not it is something we are going to have to live with.

For that reason I believe that both the Federal Government and the city of Montreal have an obligation at this point to be straightforward with all of us. Up to now they have been too evasive, and it is time they cleared up some misconceptions

and provided some clear answers.

For instance, I am not satisfied with Mayor Drapeau's scheme to finance the Games by selling Olympic Coins and Stamps. Our best effort to date in that area was in 1967, when the Federal Government sold 19 million dollars in Centennial Coin sets, at a time when all Canadians felt that they had a stake in the venture.

Mr. Drapeau and the Federal Government have, in effect, committed themselves to selling about 400 million dollars in coins to net a profit of about \$250 millions. While I can admire the optimism and the courage of those involved in the scheme I cannot accept their logic. I'm just afraid that if that is the best idea they can come up with, we will end up with a whopping deficit to cover.

What disturbs me most about the whole question of the Games is the fact that, like most Canadians, I assumed when Mayor Drapeau was awarded the

Games for Montreal he had satisfied the Olympic committee that he had worked out all of the problems involved. It is obvious now that he did not have them worked out, and I believe that we should take the time right now to take a hard look at the matter and come up with some answers.

A good first step, I believe, would be for the Federal Government and Montreal to consider splitting the Games. Some events could be held in Montreal, and other games could be held in other cities across the Country. In this way more people would be directly involved, the cost could be spread among a number of cities instead of just one, and, the deficit could be held to a minimum.

Because we will be the host country I am concerned about the impact the Games will have on us as a country, and I am concerned about the effect they might have on our National image. We should all be involved in the planning of the Games, and we must all be concerned

with the good as well as the bad aspects of playing host.

We have almost three and a half years to go before the Games are held, and I believe that we should use that time to the best advantage. We can start by having the Federal Government acknowledge the fact that we will be the host country. Canadians should be informed as soon as possible as to what this will mean to them in terms of responsibility, cost, and personal involvement.

If we are to host the Games, and we are committed to do so, then I would want us to do as good a job as possible, and to create the best possible impression. If we plan now we might be able to avoid the pitfalls and the tragedies suffered by other countries that hosted the Games. However, if we wait until the last minute, it will be too late.

### GO ASK ALICE

I Heard this week from my friends at CHEX Television Station, they asked me to give them a plug on a movie coming up, it was their feeling, and mine also after hearing the brief review, that everyone would get much from viewing it.

The story is about a teenage girl's downhill spiral into drug addiction and her painful struggle to keep 'straight' is told in "Go Ask Alice", on the Channel 12 Thursday Night Movie, March 15th. at 9:00 p.m. Mark this date on your calendar for viewing.

Go Ask Alice is based on an anonymously - written diary of a teenage girl who becomes hopelessly involved in the drug scene. Raised by her stable, middle class family, Alice attends a school in which many of the students are on drugs. Inevitably, Alice experiments, too, and in short order she becomes desperately hooked.

This is the story of that strong-willed girl and her addiction, the eventual realization that drugs provide none of the answers she seeks, and her struggle to go straight.

William Shatner, Ruth Roman, Julie Adams and Andy Griffith head the cast with Jamie Smith Jackson making her television debut in the title role of Alice.

Go Ask Alice is a straightforward look at drugs and the havoc they play with millions of teenage lives. Be sure you watch this moving Thursday Night Movie, on March 15th, at 9:00 p.m., Channel 12.

### HYDRO CONCERNED OVER SNOWMOBILERS

Ontario Hydro is growing increasingly concerned over the problem of Snowmobilers trespassing on easements and leaseback land which form part of transmission line rights-of-way. The situation is particularly serious. Christmas trees have been damaged, livestock chased and farmers' fences cut.

Hydro management said this week, they have never encouraged or discouraged snowmobilers from using their rights-of-ways, but snowmobilers should watch for areas where trespassing is not allowed. They should also look for crops along the power line routes.

Snowmobile drivers who trespass on private property can be prosecuted by the owners and given stiff fines.

Transmission lines frequently straddle roads giving access to Hydro rights-of-way which are not always fenced. By travelling on these corridors snowmobilers can unknowingly stray onto privately owned land.

Sometimes power lines are built on easements across private land where Hydro has only negotiated the right to build and maintain the lines. In this case all property rights remain with the owner. In other instances sections of Hydro owned right-of-way may be leased back to the original owner for farming and other uses.

The problem is not as serious in Northern Ontario where many easements are on Crown lands — but in this area, it is becoming a problem, snowmobilers watch out!

## DOLLARS & GOOD SENSE

by WILLIAM J. MARTIN  
Special Consultant to  
Avco Financial Services

Whether or not any price increases are granted to U.S. auto makers for their new models, the cars are worth more primarily due to mandatory safety and emission changes required by new U.S. legislation.

Quality improvements for the average 1973 model passenger car made in the U.S. amount to about \$125 retail, according to the U.S. Labor Department. The biggest item in this total is about \$75

for compliance with new Federal safety requirements. This money will buy you better exterior protection, including improved bumpers and better side door strength as well as reduced flammability of interior materials and better positioning, identification and illumination of some controls.

Another \$27 goes for improved exhaust emission systems as required by the Federal Clean Air Act. Add about \$10 for some voluntarily added safety features, added mostly in anticipation of future requirements, and you have about \$10 left for such non-safety quality improvements as changes in engines, chassis and body.

The annual Bureau of Labor Statistics review is based on data supplied by the auto makers.

The changes may not be the kind you can easily see, but they should allow all of us to breathe a little deeper and, more importantly, a little longer. That should be worth at least as much as a new fender design or some more chrome, shouldn't it?

Readers' questions are welcome and should be sent to Box 5875 London, Ontario.

### TOWNSHIP OF STANHOPE COUNCIL MINUTES

(Continued from Page 2)  
and engrossed in the By-law Book.

By-law 73-12 to authorize the purchase of a fire truck for the Township of Stanhope, passed the required three readings, carried without amendment, signed and sealed by the seal of the Corporation and engrossed in the By-law book.

By-law 73-13 to provide for licensing and requiring the registration of dogs, passed the required three readings, carried without amendment, signed and sealed by the seal of the Corporation and engrossed in the By-law book.

Moved by Jim Elder, seconded by Jim Harrison, that this meeting do now adjourn at 7:30 p.m. until Thursday, March 1st, at 9:30 a.m. unless called sooner by the Reeve. Carried.

### SHAW NETS WINNER IN OVERTIME

The Minden Peewees opened their play-off series (best three of five) on Saturday evening in the new Community Centre against Coboconk and came up with an uphill 5 - 4 victory in overtime. The win gave Minden a 1 - 0 lead in the series.

Coboconk opened the scoring at 12:45 of the first period on a goal by Carl Cameron. At 3:40 of the second, Coby went up 2 - 0 on a breakaway goal by Carl Baldwin. At 16:15 of the second period Minden was awarded a penalty shot after a Coboconk player held the puck in the crease. David Brown took the shot but was stopped cold

by the Coby netminder. Minden finally broke onto the score-sheet at 18:50 on a super screen shot by defenceman Jim Hatkoski. The period ended 2 - 1 in Coby's favor.

Dave Brown tied the game at 4:20 of the third when he was set up in front by a perfect pass from Tom Gough. However, Coby went ahead 3 - 2 at 16:33 on Carl Cameron's second goal of the night. With thirty-five seconds left in the game, Coach Larry Kent pulled goalie John Farnsworth for an extra attacker. The coaches strategy paid off with four seconds left, Paul McKenzie blasted a shot home to tie the game at 3 - 3 and force overtime.

Brian Shaw wasted little time in giving the Minden squad a 4 - 3 lead at the 55 second mark on a three way passing play by Tom Gough and Dave Brown. Once again Coby tied the game at 4:50 of the ten minute overtime. This time Carl Baldwin was the marksman, with his second of the evening. It looked like the game was going to end in a tie, but, at 8:40, Tom Gough sent Brian Shaw into the clear with a perfect pass and Brian made no mistake in ramming the puck behind the sprawling Coby netminder for the winning goal.

The next game in the series will be Sunday evening, February 11th, in Coboconk and the third game will be here in Minden Monday evening at 7:00 p.m.

### NOVICES LOSE FINAL GAME TO FENELON IN TOURNAMENT

The Minden Novices took part in the Annual Fenelon Falls Novice tournament on Saturday and came up with two straight wins before being mauled in the Championship game by Fenelon Falls 9 - 2.

Mark Greir scored both goals in this game. The Minden squad was in the game until the third period, when they appeared to run out of gas. Down only 3 - 2 going into the third, Minden gave up six unanswered goals to give the host town an easy Championship.

In the first game Minden downed Lindsay 3 - 2. Leslie Booth, Mark Greir and Harold Porter getting the goals for Minden. The Novices then met Haliburton and required a shoot off to settle the issue. Mark Greir, Harold Porter and Scott Arbuthnot scored to make it a 3 - 3 tie at the end of regulation time. Mark Greir then scored the only goal of the shoot-off to put Minden in the Championship game.

## SPORTS CORNER

with CLIFF BURKE

**BROOMBALL** — On Saturday, February 17th, the Minden Hylander Broomball team will be taking part in the first annual Port Perry Chamber of Commerce Broomball Tournament. The Hylanders will be meeting Barrie C.G.E. at 11 a.m. in the first round. Other teams besides Port Perry entered in the tournament are Orillia Boyles Ind., Peterborough Canucks, Peterborough U.E. Local 527, Colborne Dekeyser's and Cobourg Maynards.

The tournament is being held as part of the Port Perry Winter Carnival that starts Friday the 16th. Anyone from the Minden area wishing to attend the Tournament and cheer on the Hylanders will be more than welcome.

**MINOR HOCKEY** — The Minden Mite B team came up with their first victory of the year on Saturday afternoon, a 6 - 3 drubbing of Haliburton.

The Mites from Minden were never headed in this game as they held period leads of 1 - 0 and 4 - 1, before putting the game on ice in the third 6 - 3.

Wade Berry picked up the hat trick for Minden while singles went to Timmy Pritchard, Timmy Wood and Scott Yake. Dwayne Giles had two goals for Haliburton and Shayne Yateman notched a single. Harold Cowan played superb in the Minden net, kicking out many dangerous shots. Two of the three goals scored against him were on breakaways by Giles.

The Minden Novices came up with a convincing 6 - 3 victory over Bobcaygeon this week. Mark Greir exploded for four goals in this contest while Harold Porter notched two to extend his goal scoring spree to seven straight games.

In Minden Bantam play-off action this past week, Coboconk took a 2 - 0 lead in their best of five series. Coby won 15 - 3 in their own rink on Thursday evening and then downed Minden 7 - 4 in overtime on Friday in Minden. Scoring for Minden in the 15 - 3 game were Shayne McKelvey with two and Scott Gartshore with one goal. Shayne picked up all four goals in the 7 - 4 loss.

The Minden midgets opened their two out of three series with Coboconk this week with an 8 - 5 victory. They also blasted the Coboconk team 11 - 1 in an exhibition game this past week.

In the play-off game, goal scorers for Minden were Al Trepanier with two, singles to Scott Harrison, Lauri Swann, Scott Gartshore, John Welch, Randy Anderson and Curtis Rogers.

Scoring for Minden in the exhibition game were John Welch and Doug Ray each with the hat trick. Barry Ward picked up two goals and singles went to Curtis Rogers, Randy Anderson and Al Trepanier.

**BOWLING** — Modern Electric moved into a three point lead on top of the Major Men's Commercial bowling league action last Wednesday evening when they dropped Ingoldsby 5 - 2. Last weeks first place team the Haliburton Highballers were whitewashed handily 7 - 0 by Cox's Colts. Miles Roadrunners have improved greatly the past three weeks coming up with another 4 - 3 split with the third place Rockcliffe Beer Nuts.

Standings as of Wednesday, February 7th, find Modern Electric in first with 92 points. Second is Haliburton with 89, Rockcliffe with 87, Cox's Colts 67, Ingoldsby 57, and Miles with 46.

### LINDSAY PRESBYTERIAL UNITED CHURCH WOMEN HELD MEETING

The Lindsay Presbyterian United Church Women held an Executive meeting on February 7 with an attendance of 14 Presbyterian officers and a total of 38. Mrs. A. Downs, program chairman, opened the meeting with worship basing her remarks on "Faith" and Luke 22-25.

Following the roll call and adoption of the minutes the Treasurer gave her report. She suggested that "In Memoriam" cards might be used at the time of bereavement but this money would be over and above any moneys on hand and would be given to M. and S.

The representatives of Presbyterian to attend Presbytery were named. There is to be a course to be held at Five Oaks. Resources and Film Festival, March 16 - 17, that the Leadership Development committee would find helpful. Mrs. T. Page is to attend a Seminar on Stewardship in Toronto in February. The Conference for United Church Women is to be held in Kingsview United Church, Oshawa, April 24 - 25 and delegates were appointed. A bus will be going to a Seminar in N.Y. June 4 - 8 and anyone interested contact Mrs. A. Gillis, Cameron.

Dates for the Spring Rallies were tentatively made and the School for Leaders will be held at Camp Quin-Mc-Lac, Sept. 7 - 9. The meeting adjourned to meet again on June 11.

### ABOUT THE TOWN

with Jeanne Sears

Read in a pamphlet where you still may buy a Buggy, at Martins near Kitchener completely constructed there except for the wheels made at Conestoga. You would have to write to order one, thought as these Mennonites do not have telephones.

Several people are home again from holidays in the sunny South, these include Laura and Dick Kirkwood and the Staleys.

Persons in hospital include Clarence Pipher at Civic Hospital, Peterborough, Mrs. E. S. Lunham at Ross Memorial, Harry Cummins at Toronto General and Ken Johnson and Jim Swinson at the local Hospital. Lorne Snell suffered a damaged foot with a snowmobile and Mrs. Garnet Stevenson has a broken wrist.

Once again two people were lucky to be rescued from the icy water of a lake, when their snowmobile went through the ice. There is much open water in some places so it would be well to be careful.

Jeffrey and Eden Moore of Clementsport N.S. are spending several weeks with their grandparents Mr. and Mrs. Bill Moore.

Mr. and Mrs. Leslie Johnson, Diane Johnson and Kelly spent the weekend in the Woodstock area and while there were present at Mrs. Johnson Sr's 90th Birthday Party.

May and Fred Wright are pleased on the arrival of another grandchild, a baby boy for June and Ted Johnson.

Lawrence Pritchard, en route to Haliburton Hospital, had a short visit with his wife Elsie, before going on to Haliburton.

To those interested in the Mini Card Parties at St. Paul's Parish Hall, Thursday afternoons at 1.30. To this date this year we have taken in \$138.26 of which \$24.75 has been spent on prizes. As we have 12 weeks to go, we hope to have good attendance so we can increase our donation to the Anglican Church over the \$160 of last year. Winners last Thursday afternoon were for euchre Johanne Beatty and Agnes Hartford and for cribbage Diane Stevens and Lilian Davidson.

Note that there may be some rebate on Property Taxes on your Income Taxes, this is included with Income Tax Forms; check and see if you are eligible.

Noticed also several new signs have been raised on our Main Street and these are visible from all sides and make the street more attractive.

This is Heart Fund Month and canvassers will be calling on you; the money raised goes for research, so welcome the visitors; don't forget every little helps.

Rather cold over the weekend with below zero weather but no snow, still enough snow around for the snowmachines.

Cheerio until next week.

# We take the edge off asking.

To start with, let's set something straight. We're in the money business. We invest money to make money, so that we can lend money. It's that simple. But, all of it isn't worth a plugged nickel if someone doesn't use it.

Which brings us to you.

And, hopefully you to us if you're thinking about a loan.

Now, the person you'll see at our place isn't some kind of financial ogre. He won't try to put you down, stare you down, or check the heels on your shoes. But most important, he wants to give you that loan. That's one of the ways he makes his money.

So you just tell him how much, how much you can afford each month, then it's up to him to work it out.

And without getting you in over your head. And, that's it. No red tape. No edge about asking.

You see, we feel two heads are better than one. We figure if two people set out to achieve goals, they might come a little easier. Your goals, and our goals. So with a Commerce Bankplan loan, you get more than money. You get a working partnership for achieving goals.

And that gives us still another edge over other banks. Besides taking the edge off asking in the first place.

CANADIAN IMPERIAL  
BANK OF COMMERCE

**You and the Commerce.  
Together we're both stronger.**

## OBITUARY

### MRS. LENORA FRANCIS

Mrs. Lenora Francis of Lochlin (formerly of Gelert) entered into rest peacefully at her home on Saturday, February 3rd., 1973 in her eighty fifth year.

Born in Minden Township on February 20th, 1888, she was the daughter of the late Mr. and Mrs. Henry Stevens.

On April 13, 1904 she was united in marriage to John Francis of Snowdon Township who predeceased her on October 9, 1933. Mr. and Mrs. Francis spent their life in Snowdon township. In 1967 she moved to Lochlin with her son Ivan.

Mrs. Francis is survived by eight of her eleven children, John of Ingoldsby, Edna (Mrs. Harry Ester) of Scarborough, Mary (Mrs. Orville Hicks) of Lochlin, Orval of Lindsay, Allan of Donald, Carl and Myrtle (Mrs. Archie Walker) of Gelert and Ivan of Lochlin. Predeceased by Susan (December 1967) Charlie (December 1967) and Edward (Ted) (December 1968).

Thirty - one grandchildren, forty three great grandchildren and seven great, great grandchildren have fond memories of Grandma Francis. Also surviving are two sisters and two brothers, Elsie, Jane, Andy and Holly.

The funeral service was held from the John Welch and Son Funeral Chapel on Monday, February 5th, 1973, with Rev. T. Gracie and Rev. A. Hutchison officiating.

Pallbearers were grandsons, John Winters, Harry Esler, John Francis, Bob Francis, Tom Francis and Francis Walker. Flower Bearer was Garnet Francis.

Temporary entombment at Ingoldsby Cemetery Vault for Spring Interment at Gelert Cemetery.

We'll miss her, oh so well  
But realize God knew best  
He let us have her many years,  
Then gently bade her rest.

## Chamber Highlights

from the desk of Marion Arntfield

The following report was presented to the Board of Directors, Haliburton Highlands Chamber of Commerce, by J. Heywood, Chairman Pollution and Ecology Committee, at the monthly meeting in January.

As it concerns each and every one of us, I am sure you will find it informative and interesting.

This report is respectfully submitted by Andrew Hutchison and Gerry Heywood and because of his affiliation with the Township of Stanhope and the Haliburton County Council, Mr. James Elder has not been asked to concur with this report.

Although the water testing done by the Haliburton Property Owners Council has indicated that the bulk of the lakes in the area are in good condition, there are some spots that are in the need of improvement. Through the past year several special tests were done by Mr. Mike Mahaffey of the Haliburton Kawartha, Pine Ridge Health Unit on special trouble spots, including the areas around the two larger villages of Minden and Haliburton.

The findings from these re-

ports indicate to us that although there are certainly many summer residents polluting water in Haliburton County, those of us who are year round residents are doing our fair share of pollution also. Many people are quick to point out that if it were not for our summer population, we would not have a pollution problem, and that may be quite true, but we also would not have any income.

It is our view that the lakes and streams of the Haliburton County could best be kept in their present condition and possibly improved if all residents of Haliburton County whether they be summer or year round, were to agree to updating of present systems. It is our opinion that if the members of the Haliburton Highlands Chamber of Commerce along with all the Townships and the County were to have surveys done of their own systems, and be prepared to guarantee that their systems are up-to-date, we could then feel free to go to all the other residents of the County and expect them to do the same.

Many people feel that if they were to ask one of our local

health inspectors to inspect and discuss with them their present systems that the Haliburton, Kawartha, Pine Ridge Health Unit would then make them bring every system up to date immediately. In discussion with Mr. Mahaffey of the Health Unit, it has been pointed out that the unit is prepared to help any one at any time, and to go to great lengths so as not to bring any added expense to them, and if there is an updating needed to their systems, to give them time to bring it into line with present conditions.

Therefore, we would make the following recommendation. That this Board of Directors do everything within its power to have the year round residents businessmen and municipal bodies immediately take it upon themselves to make sure their systems are in order. Having done this, the residents of this area, could then encourage the summer residents of Haliburton County to survey their properties and bring their systems up-to-date. The Board of Directors could well serve this whole area by helping to educate all our residents as to what type of systems are needed, and point out that it need not cost a fortune every time you talk to some one about the installation of a new waste disposal system.

### ORILLIA TWINS CHARGED FOR TAKING DEER

Orillia twins have been charged with taking a deer out of season following investigation into a shooting incident on County Road No. 1 in Haliburton on Monday of last week.

Lands and Forests officers reported that a group of men, on a winter works project cutting brush for a deer yard about 8 miles northwest of Minden, heard shots about 3.30 p.m.

They investigated and a dead doe was found.

Officers arrived to charge Ken and Keith Rowden, 20. A vehicle and two shotguns were seized.

They will appear in Minden Provincial Court on February 27.
